

BIL 160 – Spring 2008 – Krempels
Exam I and II scores

Exam scores are listed below by the last four digits of your ID# and color coded by letter grade as shown. The approximate letter grades are as follows:

Points	Letter Grade	% of Class
82 and higher	A	14%
74 – 80	B	20%
50 – 72	C	60%
40- 48	D	4%
38 and lower	F	2%

To review course grading policies and know how final grades are assessed, please be sure to read the information at

www.bio.miami.edu/dana/160/policies.html

Also remember that there will be extra credit opportunities. If you're on the borderline (and this is only the first 100 points of more than 500 possible), you can still bring up your grade. I do give + and – grades at the end of the term, but the point range is very tiny. So work hard and get into that grade range you want so you're not on the borderline!
