

Biology 381 - T2 & T4
Peer Led Team Learning in General Biology

Workshops - Tuesday - 5:00pm to 6:15pm – site TBA

Preparation – Thursday – 5:00pm to 6:15pm – SA 166

WORKSHOP [tentative] SCHEDULE ... is subject to change.

1. T Sep 01 Introduction, assignment of Workshop Groups, & Scientific Method
2. T Sep 08 Early Earth & Origins of Life Experimentation
3. T Sep 15 Biological Chemistry Part 1 - Inorganic & Organic
4. T Sep 22 Biological Chemistry Part 2 - Macromolecules
5. T Sep 29 **Lecture Test #1** – during workshop meeting time in SA 126 5:00-6:15pm
6. T Oct 06 Prokaryotes & Eukaryotes Cell Structure
7. T Oct 13 Cell Membranes and Transport
8. T Oct 20 Energy, Metabolism, and Cell Respiration
9. T Oct 27 Photosynthesis
10. T Nov 03 **Lecture Test #2** - during workshop meeting time in SA 126 5:00-6:15pm
11. T Nov 10 Cell Reproduction & Mendelian Genetics
11. T Nov 17 Molecular Genetics 1 - Genes Structure
12. T Nov 24 Molecular Genetics 2 - Transcription and Translation
13. T Dec 01 Form & Function: Homeostasis, Neurophysiology & Sensory System

PREPARATION for WORKSHOP SCHEDULE ... is subject to change.
MEET in ROOM - SA 166

1. R Aug 27 Welcome & preparation for 1st meeting
2. R Sep 04 Review of 1st workshop with students meeting and shake-out
3. R Sep 24 Prep for 1st test – I'll mention topics covered, what to expect
4. T Sep 29 **Lecture Test #1** – during workshop meeting time in SA 126 5:00-6:15pm
5. R Oct 29 Prep for 1st test – I'll mention topics covered, what to expect
6. T Nov 03 **Lecture Test #2** - during workshop meeting time in SA 126 5:00-6:15pm
7. R Dec 03 Review and grading for Workshops; preparation for final exam.
